EXPERIENCE

Freelance Web Developer — Remote

2023 - PRESENT

Design and develop responsive websites and applications

- Collaborate with clients to determine project scope and requirements
- Design and develop engaging websites to increase engagement in business or events using several different development languages such as HTML, CSS, JavaScript, React, and WordPress
- Optimize web applications for speed and accessibility
- Provide ongoing maintenance and support for clients' websites

Website Manager / Designer — Willow Specialty Florist | Bountiful, UT

2020 - PRESENT

Maintain company website and design both floral arrangements and digitally

- Update and organize websites product catalogs and other company information
- Compile, prioritize, sort, and process thousands of customer orders in a local database
- Consult one-on-one with clients to plan weddings, services, and other events
- Design floral arrangements choosing what looks best regarding color, style, and customer request
- Design website appearance, flyers, social media advertisements, banners, and other needed graphics.
- Drives sales through engagement of customers, suggestive selling, and sharing product knowledge.
- Part of the beta team for the new floral service website, responsible for testing and finding bugs throughout and would report back to the developers

Head Dog Bather — Lucky Paws | Draper, UT

2019 - 2020

As a head dog bather, I primarily focused on

- Overseeing and training a team of dog bathers.
- Delivering exceptional customer service to clients and consulting what services their dog may need.
- Managing client appointments, responding to inquiries, and concerns, and resolving issues to ensure customer satisfaction.
- Maintained and organized bathing room and kennel room
